

## Introducing M/s:- - Hindavi Solution Pvt. Ltd. (BEESTOFIX)

Mr. Amruta Mangle

M/s Hindavi Solution Pvt. Ltd., popularly known by its brand BEESTOFIX, is a Pune-based manufacturing company founded in 2016 by Mrs. Amruta Mangale, a chemistry postgraduate turned entrepreneur. Specializing in the production of packing tape adhesives, tape pigments, solvent cements, and wood-working adhesives, the company has quickly risen to prominence in the polymer-based adhesive industry. Amruta, driven by her passion and resilience, overcame early career struggles and limited support, relying heavily on family backing and mentorship from Mr. Kiran

Nawathe, a seasoned business owner. Under her leadership, the company introduced innovative products like nanotechnology-enhanced water-based adhesives and hybrid polymer-based solutions, pioneering their use in the Indian market. These products, including synthetic resin, PVA-based, VAM-based, and polymer adhesives, are widely applied in the furniture and woodworking sectors across OEM, retail, and industrial segments. During the COVID-19 pandemic, Amruta strategically pivoted to digital marketing, enabling the company not just to survive but to expand its presence across India. Hindavi Solution Pvt. Ltd. is an ISO 9001:2015 certified company with a current turnover of approximately ₹4.5 crores and a team of 15 employees. In recognition of her entrepreneurial excellence, Amruta was honored with the prestigious "Young Entrepreneur of the Year 2020" award by Youth Business International, UK, which included participation from 46 European countries. The company was also nominated for the 2023 National MSME Award by the Economic Times of India. With support from donor BAJAJ and a loan of ₹20 lakhs, Hindavi Solution continues to innovate and lead in its sector, establishing itself as a trusted manufacturer and exporter of advanced adhesive solutions under the BEESTOFIX brand.

## **Hindavi Solution Pvt. Ltd.**

Hindavi Solution Pvt. Ltd., established in August 2016 and headquartered at Chimbali Gaon near Pune-Nashik Highway, manufactures and supplies a broad portfolio of printing inks, water-based adhesives, epoxy and specialty adhesives, construction chemicals, emulsions, and fiberglass materials under brands like Beestofix and their in-house range. They offer flexographic and rotogravure printing inks, including poly, foil, PVC, deep-freeze and water-based inks, distributed across India and exported globally. Their adhesive lines include PVA/VAM woodworking adhesives, contact and PU adhesives for furniture, paper converters, adhesives for packaging, tapes, footwear, textiles, and automotive interiors. The company also produces construction chemicals—such as cementitious and non-cementitious waterproofing, sealants, binders and concrete repair compounds—designed for infrastructure, roofing, and tile-fixing applications. ISO 9001 certified with in-house R&D, Hindavi Solution emphasizes quality, innovation, and flexible customer service in adhesives and chemical products.
